

Profile

The Profile section is the first tab on the **Account Management** menu.

Here, you can edit **Username**, **Email**, **Name**, and **Lastname**.

Note that there can only be one owner per account, so the account owner is the only one who can access this section.

The screenshot shows the Kiuwan web application interface. At the top is a dark navigation bar with the Kiuwan logo and several menu items: CODE SECURITY, CODE ANALYSIS, INSIGHTS, LIFE CYCLE, GOVERNANCE, and ACCOUNT (which is highlighted). Below this is a secondary navigation bar with links: PROFILE, CHANGE PASSWORD, ORGANIZATION, SECRET KEYS, ENGINE, SUBSCRIPTION, and PASSWORD POLICIES. The main content area is titled 'PROFILE' and contains a form for user information. The form has two columns. The left column contains input fields for Username, Email, Name, and Lastname. The right column contains a text box for Username with a placeholder 'Username is the code name of the user within the application', and input fields for User email, User name, and Last name. A 'Save' button is located at the bottom center of the form. At the very bottom of the page, there is a footer with copyright information and links to Connecting Conditions, Security Policy, Terms of use, Privacy Policy, and Documentation. A 'Help' button is located in the bottom right corner.
