New release of Kiuwan Engine and Local Analyzer

Improvements in Kiuwan Engine

New Kiuwan **Engine** (master.p460.q7229.a1727) contains enhanced versions of parsers and rules:

- Enhancements in *parsers*: PL-SQL, Transact-SQL
- Bug fixing, performance and reliability issues in *rules*: Java, C/C++, JavaScript and PHP

There's also a new distribution of Kiuwan **Local Analyzer** (master.995.p460.q7226) delivered for compatibility with new engine.
